EDUCATION

Raajdhani Engineering College

Bachelor of Technology in Information Technology (CGPA – 8.43)

Bhubaneswar, India

Oct. 2021 – Jun 2025

EXPERIENCE

Microbase Infotech Pvt. Ltd.

Full Stack Developer

Sep 2025 – Present

Kolkata, India

- Owned the complete **software development lifecycle**, from requirements gathering and **system design** to deployment, monitoring, and post-release maintenance of enterprise web applications.
- Designed **scalable backend architectures** and **database schemas** capable of supporting high-volume content management, **user authentication**, and **third-party service integrations**.
- Established best practices for **code quality**, **API design**, **state management**, and application architecture, significantly improving maintainability and development velocity.
- Technologies: **React.js**, **Node.js**, **Express.js**, **PostgreSQL**, **Prisma ORM**, **TailwindCSS**, **AWS**, **CI/CD**.

PROJECTS

DNAKey | [React.js](#), [Node.js](#), [Express.js](#), [PostgreSQL](#), [Prisma ORM](#), [TailwindCSS](#) | [Live](#)

- Engineered a production-grade **full-stack e-commerce platform** with **product catalog**, cart management, **order tracking**, and **Stripe payment gateway** integration.
- Designed a **normalized PostgreSQL database schema** with **25+ models** covering users, products, orders, blogs, and inventory using **Prisma ORM**.
- Built a **role-based access control** system with separate admin and user flows using **JWT refresh token rotation** for secure session management.
- Developed a dynamic **blog platform** with comments, reviews, view tracking, author management, and tagging to drive user engagement.

Swigato | [Node.js](#), [React.js](#), [TailwindCSS](#), [Express.js](#), [Stripe](#) | [GitHub](#)

- Developed a fully **responsive food delivery** web application with **real-time dynamic food listings** and seamless user experience.
- Implemented **user authentication**, order history, and an intuitive **Add to Cart** feature, enhancing user engagement by **40%**.
- Integrated **Stripe payment gateway** enabling secure and smooth transactions with a **60% improvement** in checkout reliability.
- Used **React hooks** and browser cookies to increase performance and **state management** efficiency.

TECHNICAL SKILLS

Languages: JavaScript, C++, C

Frameworks/Libraries: Next.js, React.js, Node.js, Express.js, Redux, Zustand, TailwindCSS

Databases: MongoDB, PostgreSQL, MySQL

Developer Tools: Git, Postman, MongoDB Atlas, AWS, CI/CD

ACHIEVEMENTS AND CERTIFICATIONS

Competitive Coding: Achieved **Global Rank 285** out of 24,000+ participants in the **CodeChef Starters Contest 135**.

CodeChef: Solved **200+ problems** with highest rating of **1832** – [profile](#).

LeetCode: Solved **500+ DSA problems** with highest rating of **1864** – [profile](#).
